

Many businesses find it increasingly difficult to obtain and retain capable, committed workers. Peckham's Supported Employment Program provides pre-screening, referral and on-site training services at no cost.

Benefits

- ◆ Dependable and skilled employees
- ◆ Potential tax incentives
- ◆ On the job support at no cost to employer
- ◆ Free consultation by a team of professionals for both employer and employee at all times

Supported Employment Program

The Supported Employment Program (SEP) is a collaborative effort between Peckham, Eaton Intermediate School District and Michigan Rehabilitation Services. SEP supports motivated young adults (ages 18-26) with disabilities in the Eaton Intermediate School District to obtain paid employment opportunities.

This program supports students with varying abilities, interests and strengths. The goal of SEP is to assist students in reaching their employment goals and becoming contributing members of our community.

Customized Services

- ◆ Job Matching – The mission of SEP is to match each individual's abilities with the employer's needs
- ◆ Job Coaching – extended trainer provided by SEP to assist employees in learning their job duties
- ◆ Accommodations – anything that can help employees perform their job (assistive technology, equipment, scheduling)
- ◆ Training and Education – opportunities for employees to gain knowledge and skills in their field
- ◆ Follow Up – continuous monitoring of employee progress and employer satisfaction

Thank You

The Supported Employment Program could not be successful without the support and encouragement of local businesses. We would like to thank our business partners for their commitment and willingness to provide job opportunities for persons with disabilities.
